

Healthy Volunteers

A Study to Investigate the Effect of Formulation, Food, and Rabeprazole on the Pharmacokinetics (PK) of GDC-0853 in Healthy Participants

Trial Status
Completed

Trial Runs In
1 Countries

Trial Identifier
NCT03290703 2017-000752-26
GP39619

The source of the below information is the publicly available website [ClinicalTrials.gov](https://clinicaltrials.gov). It has been summarised and edited into simpler language.

Trial Summary:

The purpose of this study is to evaluate the PK of GDC-0853 following changes to formulation and in the presence or absence of food, the proton pump inhibitor (rabeprazole), or both. This will be a 3-part open-label randomized study conducted in healthy adult participants. Approximately 63 subjects will be enrolled in this study.
