Type 1 Diabetes Mellitus

Participant-Reported Outcomes With the Accu-Chek® Solo Micropump System

Trial Status
Completed

Trial Runs In
4 Countries

Trial Identifier
NCT03478969 RD002718

The source of the below information is the publicly available website ClinicalTrials.gov. It has been summarised and edited into simpler language.

Trial Summary:

This interventional device study aims to compare mainly standard Multiple Daily Injection (MDI) therapy vs. Accu-Chek® Solo Micropump System and investigates participant satisfaction. In addition, a third arm is included to compare to only similar product on the market which is OmniPod. The third arm is for data collection purpose.
